

## Schuman Plan Gets Last OK

Italy Ratifies Pact to Unite West European Coal and Steel

ROME (AP)—The Schuman Plan to unite Western Europe's coal and steel production under international control cleared its final parliamentary hurdle here last night.

In a 265-98 vote, the Italian Chamber of Deputies ratified the 50-year treaty pooling the key industrial output of six West European nations. Only the signature of President Luigi Einaudi—expected within a few days—was needed to complete endorsement.

The other nations—France, and the economic Allied Saarland, West Germany, Belgium, The Netherlands and Luxembourg—already have ratified the treaty, which their foreign ministers signed in Paris on April 18, 1951.

**Now Up to Ministers**  
The pact now is ready for decisive action again by the foreign ministers, who must appoint the men who will put the pool into operation. The ministers will meet in Paris "sometime next week" to do this, a French Foreign Office spokesman there said today.

Completion of the ratification was a signal victory for French Foreign Minister Robert Schuman—who first proposed the plan now bearing his name. West German Chancellor Konrad Adenauer, Italian Premier Alcide de Gasperi and other vigorous supporters of European unity.

But the legislators' approval came only on an economic phase of the revolutionary plans to counter ancient West European rivalries and at the same time, strengthen the West against the threat of Russian aggression.

**Military Bill Yet to Come**  
Still awaiting ratification is the military counterpart, the European army treaty to weld the armed forces of the six nations into one international force. The foreign ministers have signed a treaty to set it up, but none of the six parliaments have ratified.

The Italian Senate ratified the Schuman treaty last March. The lower house approval came after a three-day debate during which the Communists fought hard—but unsuccessfully—to halt action.

Closing the debate, De Gasperi urged his colleagues to demonstrate that "Italy is an efficient factor in international collaboration."

The six nations linked by the treaty produce about 38 million metric tons (of 2,200 pounds each) of steel a year, just under the estimated 41 million tons turned out by Russia and her satellites. The Schuman nations mine 225 million tons of coal annually but hope to make up present shortages—now filled from the United States.

## Dr. Durnell Will Be Gone Six Weeks On World Travel

Dr. O. J. Durnell, 900 State Fair Boulevard, will leave Sedalia on July 24 to meet the Rev. Mr. David M. Bryan, pastor of the First Christian church, at San Francisco, from where they will begin their trip around the world.

Dr. Durnell said that he will only be gone six weeks and that plans to return to the United States by Sept. 15.

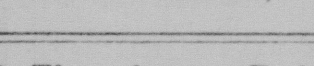

Rev. Mr. Bryan will leave Sedalia on July 21 and will spend previous to his voyage, several days in San Francisco.

## Where's the Rain?

Today was more like it, weatherly speaking. After yesterday's record breaker for the year, today's in-the-80's readings felt quite comfortable. However, the question of the day is: "Where's the rain?"

Forecasts yesterday were for precipitation, thunder showers or at least a sprinkle. Sedalia received none. Your weather reporter takes all the blame—he failed to get his car washed yesterday.

Even though the temperature Monday reached what private thermometers about the city registered near the 100 degrees mark the official thermometer at the State Fair Floral observatory station became "stuck" when the reading on the little tube reached 95 degrees, hence, while not official, local weather experts declare Monday was the year's hottest day.

WARMING UP

Tonight, low in the lower 60s. Wednesday fair and a little warmer, high in the upper 80s.

The temperature at 7 a.m. was 61 degrees, 93 at 1 p.m. and 95 at 2 p.m.

## Steel Strike Slices Deeper Into Nation's Economy, Cuts Output

100,000 Others, Besides 650,000 Steelers, Are Idle

PITTSBURGH (AP)—The two-week-old steel strike slashed deeper than ever into the nation's economy today as some plants making war munitions reported curtailments near because of a shortage of steel.

In addition to the 650,000 CIO steelworkers who walked out June 2 when the U. S. Supreme Court ruled President Truman had no right to seize the industry, more

crippling halt in the production of than 100,000 workers in allied industries are idle.

Nearly 25,000 more are idle in industries dependent on steel. These include sailors on Great Lakes ore boats, ore miners, coke workers, river boat crews, oil and gas pipeline workers, construction crews, and workers in other steel-related fields.

Announcements that three companies will be forced to stop making munitions this week came as the government and the United Steelworkers sought to work out a plan to start enough steel flowing

from the struck mills to prevent a weapons.

At Cleveland, Lempco Products, Inc., said it was forced to halt making mortar shells today because of steel shortages and to lay off 500 employees.

The Oldsmobile Division of General Motors said a shortage of seamless steel tubing will force it to shut down its 3.5-inch rocket plant at Lansing, Mich., on June 23.

In Detroit, it was reported the Ford Motor Company may be forced to close down rocket production before the end of the week because of a shortage of tubing.

Officials of the General Motors Cadillac tank plant at Cleveland said it has enough steel for from 10 days to two weeks of operation.

The government has been assured by Philip Murray, president of the CIO and the USW: "Count on us to produce the essential military products necessary to carry on our fight against the menace of Communist aggression."

Murray has directed a four-man committee of the USW to help work out an acceptable plan for defense needs for steel. So far the government has announced no specific way of achieving this output although it said a plan had been worked out to transport steel stored in struck warehouses to weapons manufacturers.

The union and the industry have been unable to agree, not only on contract terms, but also on just where they are in disagreement.

Murray claims the companies have failed in many respects to meet Wage Stabilization Board recommendations which, among other things, call for a 26-cent hourly "package" wage boost and a union shop. The industry says the union shop, which would require all steel workers to join the union, is the only bone of contention.

The industry, which wants a higher price for steel to help cover any salary increase, says its final offer was a 24.6-cent-an-hour package deal which would cost it 400 million dollars a year. Murray says the offer was not that high.

The act of Congress approved June 28, 1948, provides expressly that officers of the Army appointed to the permanent grade of general of the army do not have to retire for age. They may remain on the active list indefinitely or they may retire voluntarily. So long as these officers remain on the active list, they may be assigned specific duties. While performing such duties, they are considered to be subject to the restrictions of A. R. 600-10 to the same extent as other officers on the active list. ## Sweden Ready To Shoot

Will Fire Upon Russian Jets If Attacked; Seek a Plane

STOCKHOLM, Sweden (AP)—Infuriated Sweden kept up her search over the Baltic Sea today for a missing transport plane and sent along jet fighter escorts with orders to shoot if the Russians attacked.

The traditionally neutral nation's stern action reflected the anger expressed by the government, press and people over the shooting down yesterday of an unarmed Swedish flying boat by two Soviet MIG15 jet fighter planes.

The seven crew members—two of them wounded—of the downed plane were picked up from the sea by a small German freighter and taken to Hangoe, Finland.

**Shot Down Missing Plane**  
They had been searching for a Swedish transport DC3 missing since Friday with eight men aboard. It was assumed here the Russians had shot down that craft also, but the search continued today.

A Swedish Air Force spokesman announced early today that all aircraft participating in the continuing search have been supplied with jet fighter escort. He said the fighters had been told to return if they attacked.

**Demonstrate Again Attack**  
Some 5,000 furious Swedes, jeering, shouting, "We will see Stalin hanged," and "Down with the Communist warmongers," demonstrated in front of the Russian Embassy last night in protest against yesterday's attack.

The government handed Russian Ambassador Constantine Rodinov a "strong protest" against this "act of violence" and demanded "swift punishment of those responsible for the outrage."

The captain of the Swedish plane said he was jumped by the two Soviet fighters about 60 miles off the Soviet-held Estonian Coast, in an area where the Russians are reported to be holding vast sea and air maneuvers.

**Six of Crew To Testify**  
Six of the plane crew were flown back to Stockholm last night to appear before an inquiry board of high Air Force officials. The seventh, who had been shot in the arm, remained in a Hangoe hospital.

Editorials in Stockholm newspapers bitterly assailed the Russian attack as "piracy," "gangsterism," and "ruthless terrorism."

The Socialist Morgon-Tidningen, mouthpiece of the government, described it as a "cruel and senseless" act, "enraging the whole nation."

"Sweden will not allow herself to be pushed around," the Liberal Svaldags-Tidningen said. Describing the incident as a "part of a ruthless terror campaign," the Liberal Dagens Nytt, later expressed confidence that the government would "not resign itself to this reign of terror in international waters."

**Kenneth Anderson Tells Optimists Of Korean Life**  
Kenneth Anderson was the speaker Tuesday noon at the Optimist Club meeting held at the Hotel.

Mr. Anderson talked on Korea as it was when life was there, prior to the Korean war, and told of the people of that country, the kind of lives they live and their religion. He gave interesting facts about a number of Korean people he knew quite well while there.

Following his talk he answered questions about the country, the people and the conditions there. The speaker was introduced by Paul Mines.

The meeting was presided over by the president, Ed L. Ringen.

**Charge 1,500,000 Are Soviet Slaves**  
BONN, Germany (AP)—Baltic representatives charged here today that 25 per cent of the population of the three captive Baltic countries—1,500,000 persons—have been sent into slave labor by the Russians.

Representatives of Lithuania, Latvia and Estonia, leaders of the central committee of the Baltic National Committee in West Germany, told a news conference "a coldly calculated plan for the physical and spiritual destruction of the Baltic people is in full swing."

**Two Sedalia Girls Enlisted in WAFs**  
Sgt. Russell Rountree, local Army and Air Force recruiting officer for Sedalia, has reported that Alice Pearl Wilkie, daughter of W. M. Wilkie, route 1, Smithton, and Rosa Earlene Riley, daughter of Earl T. Riley, 1700 East Fourth, have been enlisted into the Women's Air Force.

The girls, who were members of the 1952 graduating class of Smith-Cotton High School, were sworn into the Air Force in Kansas City Tuesday.

**East Germany Plans Conscription Army**  
BERLIN (AP)—Communist-run East Germany prepared today a law for conscription of a "People's Army" and for punishment of conscientious objectors as "enemies of peace."

Apparently this is a trump card of the Russians in a move to force the Western powers into a Big Four conference that might delay and strain the Western defense program.

## Plans Complete for Big Show—

## 400 Horses for Rodeo Parade, Over 100 Cowboys for Action

Members of the rodeo committee met Tuesday noon in the Palm Room of the Hotel with Les Winget, rodeo man, to complete plans for the State Fair Rodeo, which will be held at the State Fair Grounds Thursday, Friday and Saturday nights and Sunday afternoon.

Floyd Priddy, rodeo chairman, presided over the meeting and Guy Peabody, parade marshal, announced that more than 400 horses would be in the parade, which will be held Thursday afternoon in addition to the rodeo horses. Saddle clubs entered for the parade are from Sedalia, Booneville, Warrensburg, Versailles, Carrollton, Pleasant Hill, Higginsville, Sweet Springs, Ottumwa and Marshall. In addition to the horses there will be covered wagons, old buggies and the old time doctor's wagon from Ottumwa.

Mr. Winget stated the show scheduled for Sedalia is a good one with more than 100 cowboys, rough stock and several outstanding acts which includes a professional bull fighter, who makes all the big shows. The show will last two hours and 15 minutes and will be filled with thrills and spills ending with the famous clown, Ike Tacker, riding a cart pulled by a bull.

Reports were given by Nathan Jones, on the gates in which he stated he had 40 men for the four performances with a group of Business and Professional Club women to make change. A. A. Schultz reported on the grandstand, Mrs. Ike L. Warren on the box seats. Mrs. Warren said that general admission tickets could be exchanged at the north ticket office for box seats with an additional price. W. E. Poindexter reported on a place for the horses at the fairgrounds and Chief Edgar Neighbors told of plans for taking care of the traffic and the escort for the parade.

Taxis and busses will go clear to the grandstand.

Attending the meeting were Floyd Priddy, Marvin Howard, Jack Cunningham, Nathan Jones, A. A. Schultz, W. E. Poindexter, Mrs. Ike L. Warren, Chester A. Brown, Les Winget, Harry Naugel, Myron Lindquist, Aaron Smith, Phillip Pfeiffer and Maurice Hogan.

**Band Concert Wednesday Night At Liberty Park**  
Kroenke's Concert Band will present a program on Wednesday night this week instead of Thursday night because of the State Fair Rodeo which will be held Thursday through Sunday.

The concert will be held at Liberty Park starting at 8 p.m. and the program follows:

"March Prince of Victoria" by B. L. Billings; "Too Young," medley song by Sylvia Doe; "I'm Forever Blowing Bubbles," waltz by J. Kenbrovin; "Slow Poke," fox trot by Paul Yoder; Overture, "America on National Airs," march by Fred Jewell; "Echoes of the Forest," waltz by B. F. Crumley; "Get Ideas," song medley by Doran Cochran; "Serenade of the Belles," by Al Urbano; "Pass It Along," march by Fred Jewell; "The Band Played On," waltz by C. B. Ward; "La Rumba Tango Argentine," by T. Brynm; "Norenbeg," march by R. B. Hall and "Star Spangled Banner," by Key.

**Four Persons Hurt In 2-Car Collision**  
Four persons were injured, the past week, in a head-on collision between two automobiles on Highway 135, three miles north of Pilot Grove.

Miss Jean Whitlow, 25, driver of one car, suffered a fracture of the hip, ankle, pelvis, chin and severe lacerations on the lower lip.

Other injuries: Laura Whitlow, 9, broken jaw and several teeth knocked out; Marilyn Whitlow, 7, broken left leg.

Martin Wesselman, 18, broken nose and severe facial lacerations. The Misses Whitlow are daughters of Mr. and Mrs. Henry Whitlow. Wesselman is the son of John Wesselman, Pilot Grove.

## Russians To Return 186 Ships

Surprise Offer May Be Initial Move to Settle War II Debts

WASHINGTON (AP)—A surprise offer by the Russians to give back 186 American ships was regarded by State Department officials today as advancing negotiations for settling the Soviet Union's 11-billion-dollar World War II lend-lease account.

Moscow made the offer yesterday in an unexpected renewal of negotiations which have dragged on more than five years. The ships are among 670 turned over to the Soviets by this country during the war.

Yesterday's State Department meeting was the first to take up the long-standing dispute since last August. It left the two governments as far apart as ever on other major issues. Officials said, however, the proposal to turn back some of the vessels was at least a step toward settlement.

**Expect To Accept Offer**  
The United States is expected to accept the proposal but to renew a demand for the return of other vessels.

A further meeting of negotiating groups was set for Wednesday.

In addition, a Russian group headed by Boris Karavaev, temporarily in charge of the Soviet Embassy, renewed an offer of 300 million dollars for a final overall lend-lease settlement. This would be their payment for all other ships, and for machine tools, locomotives and other civilian-type goods still usable at VJ day.

**Reject Final Settlement Plan**  
The U.S., which is asking 800 million dollars plus the ships, again rejected the offer. Officials said it was made plain, however, that this figure might be scaled down if Moscow came up with a constructive proposal to bridge the gap.

The Russians turned down an American proposal to submit the dispute over the ships to the International Court. They had rejected earlier a suggestion that the whole lend-lease issue be left to international arbitration.

This left American officials cautiously hopeful that a lend-lease settlement might ultimately be worked out with Moscow, regardless of other cold war disputes. The other major wartime allies have long since settled up for left-over lend-lease goods, aside from munitions, in accordance with their advance agreements.

**Report Others Scrapped**  
The craft Moscow says it is now willing to turn back are small naval vessels, mostly torpedo boats and submarine chasers.

Of the other vessels whose return the U.S. has long demanded, Russia said 146 have been scrapped or otherwise destroyed and 171 are unfit for navigation.

Moscow offered to buy the remaining 167 but the United States is insisting that they, too, be returned, included among these are 87 merchant craft, including tankers and dry-cargo vessels which Russia has been using in international commerce.

In negotiating with the Russians, the State Department is following the same principles which guided settlements with Britain and the other allies. These are that no payment is asked for lend-lease goods actually expended in the common war effort. Payment is asked only for the fair value of goods of use to the civilian postwar economy.

**Must Clear Ohio For Rodeo Parade Thursday Noon**  
Ohio must be cleared of all automobiles from Main to Broadway at noon Thursday until after the rodeo parade. Chief of Police Edgia Neighbors has announced. Cooperation of all drivers is requested in an endeavor to make it possible for large crowds to be on the sidewalks to watch the cowboys, boots and saddle clubs and others who are participating.

The parade is to start at 2 p.m. The parade route, other than Ohio, must be cleared and any car seen to double park will either receive a parking tag or will be towed from the street to police headquarters. Parking will be permitted along the curb on the route other than Ohio.

The route: Parade assemblies at Main and Washington and goes west on Main to Kentucky, south to Second, east to Ohio, south to Seventh, east to Lamine, north on Lamine to Fifth, west to Ohio, back north to Third, east to Washington; north back to the starting point.

**East Germany Plans Cons**

# Sen. Brewster Is Defeated In Maine Vote

PORTLAND, Me. (AP) — Owen Brewster, the Senate's fifth ranking Republican, was defeated yesterday for renomination by Gov. Frederick G. Payne by 3,000 votes in Maine's closest, most vicious primary in almost 30 years.

The total vote in yesterday's balloting was a record 155,754—for the GOP and Democratic Senate bids. The old record was 149,000 in 1940.

Brewster, whose turbulent political career goes back to the early 1920s, had no immediate comment.

An unofficial tabulation gave Payne 68,485 votes to Brewster's 65,357. Only eight of 625 precincts were out and they have but a handful of votes.

Barring a tremendous upset—no Democrat has won a major office since 1934—the 51-year-old Payne will win again in the first-in-the-nation Sept. 8 election.

His Democratic foe will be Roger P. Dube, 30, a surprise primary winner over Earl S. Grant, 12,576 to 9,336. Grant was the 1950 gubernatorial candidate.

Not until practically every vote was in would Payne admit that he had won. "I feel better now," he said and issued a victory statement thanking the voters for "a great tribute."

The affable, personable Payne came to the governorship in 1949 after a varied business and political career. He had been a newspaper, theater manager, accountant, mayor of Augusta, state finance commissioner and Army finance officer in World War II.

Brewster, at 63, has been in the Senate 12 years. He also was governor and congressman for six years. He was last chairman of the Senate's World War II investigating committee originally headed by President Truman and also was on the committee that probed Pearl Harbor.

He supports Ohio's Sen. Taft for the presidency. Payne is an Eisenhower man, but the presidential angle didn't figure in the primary fight.

What brought out the bitterness in their contest was a legislative committee probe into charges of graft and influence-peddling in the state liquor monopoly. Both men were mentioned.

Herman Sahagian, a wine bottler, told the committee he paid \$12,000 graft to Frederick W. Papolos of Boston, who claimed to have influence with Payne. Papolos denied having any influence as did Payne and told of Sahagian bringing him a \$25,000 offer from Brewster for political aid. Brewster denied his story.

Brewster claimed the big issue was his support of the Taft-Hartley Act. The American Federation of Labor's League for political Education endorsed Payne.

Senate President Burton M. Cross won the Republican gubernatorial nomination and will be opposed in September by Democrat James C. Oliver, a former Republican congressman.

Cross got 54,858 votes to 44,190 for Executive Council Chairman Leroy F. Hussey and 36,673 for Neil S. Bishop, former state senator.

Three Republican congressmen—Robert Hale, Charles P. Nelson and Clifford G. McIntire—were unopposed for renomination.

James A. McVicar, former Democratic state chairman, defeated Dr. Adrian H. Scolten, 4,210 to 2,541 in Hale's 1st District.

The Democratic winner in Nelson's 2nd District has said he wouldn't accept nomination. Leland B. Currier, former state senator, beat Antonio M. Chiaravallotti, 5,458 to 3,958.

## Argentina Promises Brazil to Probe Border Incidents

BUENOS AIRES, Argentina (AP)—Argentina has promised Brazil to investigate thoroughly recent border incidents between the two countries that led Brazil to reinforce her frontier troops.

The Rio De Janeiro government had accused Argentine border police of killing and kidnaping Brazilian citizens in Brazilian territory.

The conciliatory Argentine reply yesterday said the incidents were due to "common faults" and may have resulted from the "enrgetic repression of crime." It promised to curb Argentine officers in the future.

Argentine police have been campaigning to stamp out smuggling between the two countries.

Noting the reinforcement of Brazilian frontier troops, Argentina said it hoped the present cordial relations between the two countries would not be harmed.

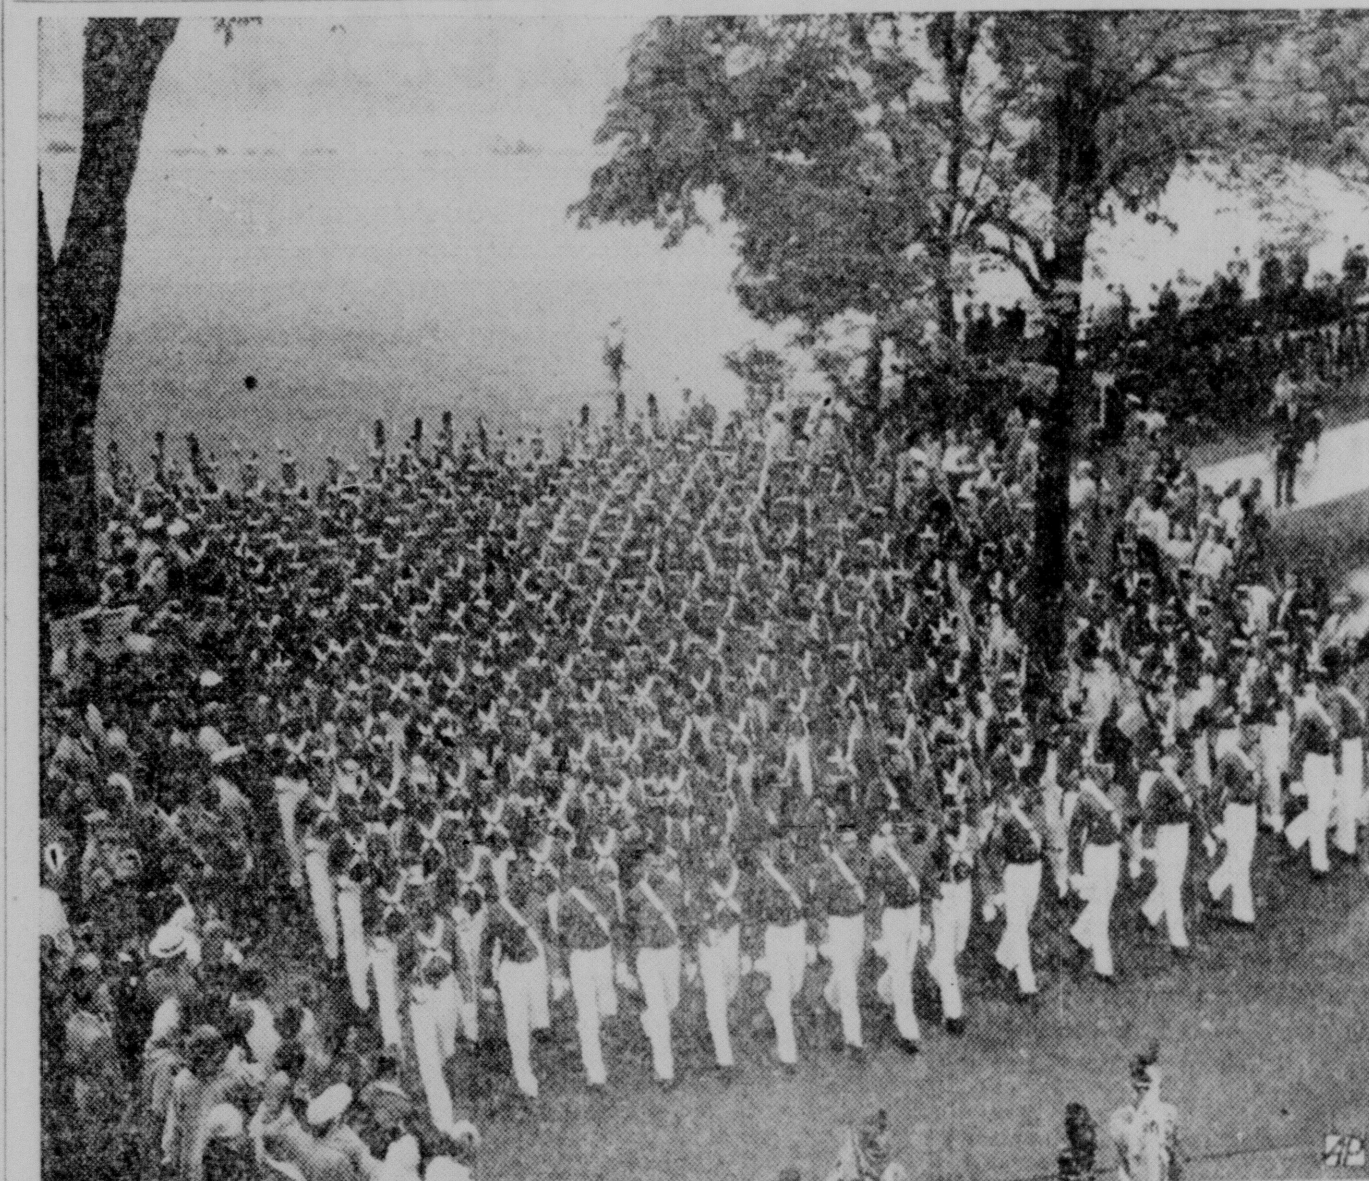

## At 103 He Warns: 'Never Lose Temper'

MCHENRY, Ill. (AP) — Julius Bruhnke is 103 years old today and he says his formula for long life is: "Never lose your temper!"

Among the 50 relatives and friends who will fet him at his birthday party today will be three sons, two daughters, 11 grandchildren, 14 great-grandchildren and seven great-great-grandchildren.

About 30 million people visited the U.S. national forests for recreational purposes in 1951.

## Miss Kessler Recent Bride Of W. Dittmer

Miss Catherine Kessler, daughter of Mr. and Mrs. R. F. Kessler, Corder, became the bride of Mr. Willard Dittmer, son of Mr. and Mrs. Walter Dittmer of Emma, at 6 o'clock in the evening, Saturday, May 21, at the Zion Lutheran Church in Corder.

Preceding the ceremony, Prof. Ernest Schaefer played a program of wedding music and accompanied Mr. Robert Kessler, brother of the bride, who sang "Whither Thou Goest" and "The Lord Be With You."

Miss Phyllis Dittmer and Miss Ann Roberts, dressed in matching gowns of Nile Green, lighted the white tapers in tall white flower vases.

The bride, who was given in marriage by her father, wore a gown of white Chantilly lace over tulle and white satin, fashioned with a sheer yoke edged with applique of medallions. The elongated bodice was fastened down the back with lace covered buttons and the long, fitted sleeves were daintily scalloped at the wrist. The ballerina length skirt was accented with scalloped edge of lace at the hemline. Her finger-tip veil of tulle edged with lace cascaded from a tiara of orange blossoms and she carried a bouquet of white roses. Her only ornament was a strand of pearls, a gift of the bridegroom.

Miss Alma Jean Kessler, sister of the bride, was maid of honor and bridesmaids were Miss Lorraine Kessler, Lexington, and Miss Martha Lou Damma, Kansas City. They wore ballerina length gowns of pink lace over net and more tulle and carried colonial bouquets.

Karen Kay Kessler, as flower girl, wore a white lace dress, fashioned like that of the bride's, and dropped rose petals along the church aisle.

Mr. J. E. Dittmer of Emma served his brother as best man. Groomsman were Mr. Eldred Schelp and Mr. Loren Dittmer, both of Emma. Mr. Allen Kessler, Mr. Kenneth Heermann, Mr. Dale Alps and Mr. Ralph Heermann served as ushers.

For her daughter's wedding, Mrs. Kessler wore a silver-gray dress with white accessories. Mrs. Dittmer, mother of the bridegroom, was attired in a two-piece navy blue dress with white accessories. Both wore corsages of white gardenias.

Following the ceremony a reception was held at the home of the bride's parents.

For traveling the bride chose a white linen suit with navy and white accessories. Her corsage was of red roses.

The couple will make their home in Waukegan, Ill., where the bridegroom is stationed with the U. S. Navy.

## Dressing Table Demands Care

### By Alicia Hart NEA Beauty Editor

Some women have the mistaken idea that a dressing table is the perfect catch-all for everything from empty envelopes to shoe laces.

Actually, if it is to serve a useful and efficient purpose, the table must be kept in perfect condition, and equipped only with beauty preparations. If you are not satisfied with the workings of your dressing table, a systematic cleaning may reveal why.

Try to have a glass top for your table, if it is at all possible. It will be easy to keep clean, and will add an attractive touch to your room. Don't clutter the top with many boxes and bottles, however. If you like one or two perfume bottles coupled with a hand mirror and/or a comb and brush set should be enough.

As for the inside of the dressing table, work out a plan so that you will be able to find any bottle at a moment's notice. Keep one drawer for your make-up preparations. Cardboard partitions will prevent them from slipping around.

Another drawer should hold your hair-care material. Bobby pins, hair nets and curlers, should all have their proper places. Also keep your home permanent-waving equipment in this drawer. Then when the time comes for you to give yourself a permanent, you won't have to make a search of the house for the necessary material.

In one drawer you will want your cotton and cleansing tissues, as well as creams and lotions. Always make a place for your eye and nail-care preparations.

## Teacher Studies Handicapped Children

FLINT, Mich. (P) — A German schoolteacher has taken American ideas back to Germany to help her in teaching mentally retarded and handicapped children in a school near Frankfurt.

Mrs. Eva Huber recently completed seven months' study of U. S. schools for such children, located in San Francisco, Oakland, Berkeley and Los Angeles in California and Flint.

She said European crippled children do not have the same opportunity for education as U. S. crippled children. The tendency in German schools is to concentrate on the normal, intelligent youngster.

Their schools are also handicapped by lack of money and equipment, she said. Mrs. Huber has a daughter who is deaf.

# Embargo Cuts Off Freight Shipments

NEW YORK, June 17.—The Long Island Railroad, shut down by an engineers' strike creating one of the metropolitan area's biggest commuter traffic jams, today tightened a freight embargo on its 400 miles of line.

Notice of the embargo, a company spokesman said, has been filed with the Association of American Railroads.

For more than a million persons on Long Island, who depend directly or indirectly on the busy line, there appeared no indication of an immediate settlement of the walkout, now in its second day.

A company spokesman said another mediation session was set for today in an attempt to end the walkout, but time for the meeting was not definite.

Federal efforts to settle the dispute broke down last night when representatives of the Brotherhood of Locomotive Engineers walked out of a meeting called by Ross Barr, a mediator for the National Mediation Board.

The second day of the tie-up again filled Long Island roads with bumper-to-bumper automobile traffic. Transport officials sought to relieve the jam by increasing subway and bus service.

On all parkways and main highways in Nassau and Queens Counties, the Automobile Club of New York reported, automobiles crept along in ever-increasing congestion.

The Long Island is the nation's busiest commuter line, and the walkout hit the 100,000-plus passengers first. Many braved bumper-to-bumper highways or crowded subways and buses to come to work yesterday, only to find themselves stranded at nightfall.

CITY SLICKERS AND COUNTRY HICKS campaigning in a mock election held by Class No. 3 of the Dale Carnegie course at a dinner meeting Monday night at Hotel Bothwell. (Padgett photo).

## Dale Carnegie Class No. 3 Has Evening of Mirth, Fun

Monday evening class No. 3 of the Dale Carnegie salesmanship and public speaking division had a dinner meeting at the Ambassador Room of Hotel Bothwell, the class dwelling on proper introduction of public speakers.

Those appearing in the impromptu program took for their subjects personages in public affairs, either in industry, business, education, religion, the sciences or other vocations. Some took for their introduction local people such as wife, son or business associate while others chose persons who had won national or international fame through their endeavors.

The class session opened following an invocation by Dr. O. J. Durnell and then Harold Peck, instructor, took charge, presenting the different introductions.

This part of the evening, as each participant appeared, went off exceedingly smoothly, but in a few instances, when an apparent miscue developed in the brief presentations, that person was called back and given an opportunity to properly present his, or her, short speech.

**John Ryan Made President**

During the evening John C. Ryan was elected as president of class 3 and nominations were made for four directors of class 3 to be organized.

Chester Brown, executive manager of the Sedalia Chamber of Commerce, on behalf of the class, presented Loyd Boots and John F. Zander, who have been active in the class in a large measure, with fully equipped picnic baskets, and then in turn Mr. Ryan presented a like basket to Harold Peck, the instructor.

For the best introductory talk, Chester Brown received a most elegant and useful automatic pencil.

The highlight of the evening came in an amusing way when a mock election was held between the "Country Hicks" and the "City Slickers." The class members having been divided for this mirth-provoking feature.

**"Parties" Have Campaign**

Members of both "parties" were grotesquely attired and even just a glimpse at their make-ups provided laughs. Keynotes, William J. Mateja for the "City Slickers" and Chester Brown for the "Country Hicks," laid down the platform and nominating speeches and seconds to them were in full keeping with the hilarious tenor of the campaigns.

Oratorical, cajoling, shouting and with a trio of musicians, Mrs. Mary Beth Ringen, Mrs. Sallie Jo Elliott and Gene Watts, blaring forth with "bang-up" music as the candidates and their supporters registered their claims to support whooped things up in remarkable style. Banners and placards were much in evidence and were carried by paraders as occasion demanded.

Mayoral candidates promised most everything that could be desired, starting with freedom from want and extending freedom far and wide to everyone with no re-

striction. The "City Slickers" would line the pockets of all with gold such as the placards suggested, each bearing a "gold nugget."

The "Slickers" were out and out for a wide open town while the "Country Hicks" countered with a claim to advantage to their loyal cliques. They proposed even reach into county properties and would take over the Courthouse, using the basement for "stabling their horses," and have a dance floor and recreation place on the second floor, stating that much floor space was available there.

**Make Rare Claims**

In making claims to capability of handling the city affairs in a way to respond to progress and distinction to the city, they pointed out that the candidate for city collector was fully capable as was demonstrated first by her collecting her husband's paycheck every week and then collecting, without fear or favor, everything available.

For the "Country Hicks," the collector candidate was pictured as having started first collecting bottle caps, later book match folders, then on and on until she collected convertibles and even diamonds.

One of their campaign slogans was to "blackout" those "sneering" faces of the parking meters while the "City Slickers" objected strenuously to the "Hicks" tying their horses to the meter standards.

This by-play went on until time for the balloting came and when the ballots were received by the "city clerk" it was found there might be some discrepancy so all were tossed into the air and scattered about the room.

This made everyone happy as each candidate felt certain she, or he, had triumphed.

The candidates for offices embraced but three of the city positions in city government, they being as follows: "City Slickers" for mayor, Harold W. Maltby; collector, Mrs. C. F. Mettler; for chief of police, Charles Leftwich.

"Country Hicks": For mayor, Herbert Hunter; for collector, Miss Margie Ghosen; chief of police, Bethel Clodfelder, the latter of Versailles.

Announcement was made that commencement would be held next Monday evening and that all class members were expected at the banquet session.

Among those attending, including several invited guests, were: Mr. and Mrs. John C. Ryan, Mrs. Lee Long, H. M. O'Connor, Mr. and Mrs. Loyd Boots, Charles Leftwich, Edw. C. Herman, Hazel Jabas, Mrs. Edward Herman, Carol Mettler, Jane Darrah, Miss Clara Mettler, Bethel Clodfelder, Clara Boesch, Dane White, Versailles; Paul Clodfelder, Mrs. Mary H. Maltby, Harold W. Maltby, Russell Thomas, Windsor; Dr. O. J. Durnell, William J. Metja and son; Mrs. Herbert E. Hall, Mrs. Max S. Bane, Mrs. Thomas E. Ware, Mr. and Mrs. C. F. Mettler, Mary Lou Mettler, Mrs. John C. Ryan, Mrs. Hunter, Margie Ann Ghosen, Mr. and Mrs. Chet. Brown, John F. Zander, W. D. Agee.

man Elmer Sumner, president pro tem, presiding over the meeting of Monday, June 2.

F. L. McAllister, 1700 South Vermont, asked the guttering be graded in that vicinity.

Following the regular meeting, the Council, with Mayor Studer, met in the Mayor's office and heard from Tom Ferguson, of the Seagrave Fire Apparatus Co.

Mr. Ferguson discussed with the group the possibility of Sedalia purchasing two new fire trucks to replace the East Sedalia fire truck, which is 11 years old, and the old Monarch truck which is 24 years old. He explained the possibilities of the city being able to receive government aid in the purchase of these trucks.

Mayor Studer said he did not feel the city was financially able to enter into any contract for new fire equipment, such as trucks, at this time. He explained the budget had not been set up to handle such a purchase at this time and it would be useless to think of it unless some type of financial assistance was forthcoming. However, he did express interest in the aid program and said the city would look into it.

## US to Prove To UN No Germs Used

UNITED NATIONS, N.Y. (AP)—The United States says it welcomes an opportunity in the Security Council tomorrow to show up the "falsehoods" and "propaganda" in Russia's continued charges that the U.S. and the U.N. are waging germ warfare in Korea.

The American position was made clear in a short but sharp statement issued last night by Ernest A. Gross, acting head of the U.S. delegation, after Russia's Jacob A. Malik called the Security Council to meet for a round on germ warfare.

Malik's call for the meeting — he heads the council this month — actually did not mention the previous Russian charges. It asked the council to appeal to all countries, in or out of the U.N., to ratify the June 17, 1925, Geneva protocol prohibiting bacteriological warfare.

"The obvious purpose," said Gross' statement, "is to continue in a new forum the campaign of lies which charge the U.N. is employing bacteriological warfare in Korea. The Soviet leaders are trying to exploit whatever propaganda remains in these false charges. They will merely succeed in turning on themselves the spotlight of truth. We welcome the opportunity to show up again the Soviet falsehoods."

## 'Bama Highway Slaughter Gets Drive on Drivers

MONTGOMERY, Ala. (AP)—A grim two-week series of highway slaughter has touched off an unprecedented campaign against careless drivers in Alabama.

Even Gov. Gordon Persons, in his siren-equipped limousine, is patrolling the roads to see that officers carry out his orders to arrest all traffic law violators.

Accompanied by a state highway patrolman, Persons on a Saturday and Sunday warning bad drivers, congratulating careful motorists. Memorial Day holidays and continued almost without letup until 39 persons were dead in 12 days.

To give the highway patrol more striking power, the governor has added 50 men to the 265 already in uniform. In addition he has directed 125 liquor enforcement agents and Public Service Commission inspectors to make arrests on the highway.

Later, if it can be worked out, he plans also to deputize 120 game wardens and forestry patrolmen as road watchers.

On the highway patrol, Persons has broken up the familiar two-man teams and ordered the officers reassigned one man to a car. He figures that alone will put about 130 more cruisers on the highways. Fifty patrolmen will go back to riding motorcycles.

The governor has singled out speeders as the No. 1 hazard.

With that in mind, the highway patrol arrested 557 drivers for speeding in two days this past week end.

Persons put a speed limit into effect on most Alabama highways seven months ago by executive order, pegging the lawful rate of travel at 60 miles an hour in the daytime and 50 at night. He has promised to cut it even lower if "these highway murders" continue.

## Notes from Camp Sakajewea— Largest Number of Girls Ever at First Day of Camp

By Ruth Maurine Hoffman  
One hundred fifty-six persons, including campers and adult leaders, attended the first day of the Girl Scout Camp Sakajewea, located 2½ miles west of Sedalia. This is the largest number of persons ever to have attended the camp on the first day.

The campers spent Monday morning preparing their camp home. Tents were cleaned, orange crates lashed to trees to hold lunches, and boards lashed between trees for wash stands. Soap dishes and paper towel racks were set up, eating tables scrubbed, and fire buckets filled. Caper charts were established and duties assigned each girl. Ice water supplies were distributed to each unit.

**Live Snake Display**  
A special feature was a visit by Jack Reed of Warrensburg, a representative of the Missouri Conservation Commission. Mr. Reed gave the girls a snake and amphibian lesson, using a live black snake. He also took the campers on a nature hike where leaves were collected and the

dangers of poison ivy explained. During the afternoon various handicraft groups were held. Girls worked on making colorful international dolls from cotton, crepe paper and cloth under the direction of Miss Leta Bradley and Mrs. Fred Handley.

**Some Make Belts**  
Other girls made bright leather belts under the leadership of Mrs. Paul Houston.

Harry Lambirth supervised campers in moulding and painting plaster of paris figurines. Other crafts were aluminum silhouettes in charge of Barbara Grady and Charlotte Houston, and textile painting on towels directed by Carolyn Houston and Beverly Bremer. Cay Carrel and Kay Har-

lan helped with luster-lace weaving.

**Hold Sketching Class**  
Nancy Cook and Barbara Lamy conducted a sketching class. Sandra Houston and Mrs. N. B. Van Dyne assisted campers interested in leaf printing.

Materials for handicrafts are sold to the campers at cost. The Girl Scout organization does not receive any profit from the sale of the material.

Mrs. G. A. Ragland had charge of the nursery which takes care of the leaders' small children.

## Atom Engine For a Carrier Is Perfected

NEW YORK (AP)—The Daily News said today it was informed that designs for an atomic engine to drive a supercarrier at a speed of 50 knots have been perfected and the Navy hopes to start building the ship late in 1953 or early in 1954.

This new carrier would be of the 60,000-ton Forrestal class, a Washington dispatch to the News by Jerry Greene said.

It would carry about one-third more planes than the largest present ships and—"with its little ball of plutonium as fuel"—could remain at sea almost indefinitely without refueling, the story said, adding:

The Navy has asked Congress for one more big carrier per year for the next 10 years and, it was reported, believes the atomic engine will be ready for the job to be laid down in fiscal 1954.

Regardless of what might happen in the way of appropriations and developments, the News was told, the carrier atomic engine will be ready for installation not later than fiscal 1955.

Present carriers admittedly can top 30 knots for a prolonged period and can go faster if they have to. But they require vast space for fuel and have to be accompanied by fleet oilers.

The atomic engine, with plutonium running a boiler to drive turbines, would save more than a third of the space in a conventional ship, eliminate the necessity for fleet oilers and furnish a vastly greater amount of power.

**Auto Plant Workers Idled by the Heat**  
DETROIT (AP)—Nearly 13,000 automobile plant workers were idled here yesterday by heat strikes.

The strikes, caused by a record-breaking 96 degree thermometer reading, idled 10,000 workers alone at the Hudson Motor Car Company.

Others were out at Chrysler and Ford.

Tasmania was first seen by Europeans in 1642.

**TO MAKE COLLEGE TOUR:**  
William B. "Sonney" Rabourn, who graduated from Smith-Cotton High School this spring, is now attending Central Missouri State College at Warrensburg. He will take the southeastern tour that is being sponsored by the college in August. Among the places they will visit will be Louisiana; Mobile, Ala.; and Havana, Cuba, returning by the northern route through Florida and Nashville, Tenn. He is the son of Mr. and Mrs. J. H. Rabourn, 1902 East Broadway. (Photo by Lehmer).

The redwoods and the big tree species of Sequoia and the dawn redwoods of China are believed to be the only three survivors of a kind of tree that in past geologic ages grew all over the northern hemisphere.

## Wealthy Sailor Will Keep Fighting Brass

SAN FRANCISCO (AP)—Wealthy Seaman Bruce Hopping, 30, awaiting a bad conduct discharge from the Navy, says he will continue to battle "the domineering Navy brass hats" when he becomes a civilian again. He says he wants to "work toward improving so-called Navy justice."

Hopping, vice president of a lumber company in Port Newark, N.J., is scheduled for discharge in a few days.

The Navy judge advocate general yesterday upheld a recent

court martial conviction of Hopping to Navy discipline. It was based on the sailor's complaints, aired through newspapers, that officers aboard the USS R. claimer, a salvage ship to which Hopping was assigned, were "petty tyrants."

Southern Arabia has almost no human inhabitants.

Bob Thomas In Hollywood--

## Denise Darcel Likes Flicker Town, Sees Demise of V-Gowns

By BOB THOMAS  
HOLLYWOOD — You never know what you're going to find behind closed doors in Hollywood. For instance, I was walking down a studio hallway and stepped into an office. Who should be there but blonde, French and busty Denise Darcel. At least she is blonde and French. She denies the other description.

"Come in, Babe," she said. I am not one to turn down friendly invitations, even if there were other people present.

We had a lively, if somewhat disappointed conversation. Miss Darcel was peeling. "I looove the sun, but it makes me peel so badly," she complained. "I am leaving tomorrow to sing in a night club in Las Vegas. I will be in the swimming pool all day. I will peel like a grape. Ooo la la!"

"It is great to be back in Hollywood. I like it here. But I like it in New York better. New York is more alive; there is more to do. It is stimulating. But I like to be back in Hollywood. I feel wonderful."

She demonstrated her feelings by rising and twirling her dress around. Then she stood in the middle of the floor and kicked her foot over her head, like the finale of a rockette number. This exercise over, she sat down again.

"Ooo la la!" she commented.

FORE!—Everybody else was playing, so Sheila Titus, 2, substituted a driver for a putter and a baseball for a ball to be the cutest golfer on a Melrose, Mass., course. (NEA)

The columning business being what it is, I asked Miss Darcel if she had abandoned low-necked dresses. She was wearing a high-cut outfit.

"Mais oui, babe," she replied. "I show notheing. I am much, much slimmer now that I have taken off 20 pounds. And honestly, I have never been a big girl. People have compared me to Dagmar. That is ridiculous. Dagmar is like this."

She leaped to her feet to demonstrate the height and size of Dagmar. "Why, Dagmar is a giant alongside me," she remarked. "She is a verree nice girl, but big."

Miss Darcel resumed her seat, pouting slightly. I asked her if she felt low necklines were on the way out.

"On television, yes," she answered. "The new censorship code will not permit them. In fashion I do not know. I do not follow the fashion. I wear only what is good for me."

"I have a gown from Jacques Fath, one from Christian Dior, another from Don Loper, and so forth. But the one I like the most is one I got from MGM when I was leaving to appear in New York. It was one Marlene Dietrich had worn—a plain black gown with sequins. I have worn it for four years and it is still the best. All I need is a plain, tight gown and flowers in my hair. That is me. That is Darcel."

## Quits Laxatives — finds amazing relief

"Had tried method after method to relieve constipation, until I lost faith," admits New Jersey woman. "Then I started to eat Kellogg's ALL-BRAN daily and was amazed at the fine results!" Delicious ALL-BRAN may bring back your youthful regularity if suffering has been due to lack of bulk in diet. It's the only type ready-to-eat cereal that supplies all the bulk you may need. ALL-BRAN is rich in iron, high in cereal protein, provides essential B and D vitamins. Not habit-forming. Eat 1/2 cupful of Kellogg's ALL-BRAN daily; drink plenty of liquids. If not satisfied after 10 days, send empty carton to Kellogg's, Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK!

### Chas. Greens To California In Retirement

By Mrs. Harold Conway  
HUGHESVILLE — Mr. and Mrs. Charles Greene of Joplin were visitors at the Foster home Sunday and dinner guests of Mr. and Mrs. James Harvey, where their daughter, Mrs. Milton Chamberlain, Mr. Chamberlain and family were additional guests from Carrollton. Mr. Greene has retired and they were enroute to Pasadena, Calif. to make their home. Mr. Greene was a superintendent of Sedalia schools before assuming a similar position at St. Joseph. After which he purchased a home in Hughesville and lived here for several years, taking an active part in the community, civic and church affairs.

Oakland, Calif., were the dinner guests Sunday of Mr. and Mrs. Cleet Helms and son Cleet of Tip-ton.

Mac and Das Conway, engineering students at Missouri University left at the close of school and now have positions with a construction company in Cherokee, Iowa.

Mrs. Dean Grigsby, Michael and Emily, are visiting her mother, Mrs. Wes Grimes and Mr. Grimes, from their home in Lowry City. Mr. Grigsby left Monday for Columbia where he will attend summer school at the university, working on his Ph. D. degree.

Zeb Thomas in the army and stationed at Ft. Knox, Ky., spent Saturday and Sunday with his parents, Mr. and Mrs. Rolla Thomas.

Mr. and Mrs. Woodrow Grimes, Donnie and Patricia, of Longwood spent the weekend with Mr. and Mrs. Walter Owens and Mr. and Mrs. J. A. Grimes.

Mr. and Mrs. John Weathers entertained the following for dinner Sunday: Mr. and Mrs. Paul Walters, Paula and Paul of Sedalia, Mr. and Mrs. Max Machaney and son J. D. of Smithton, Mr. and Mrs. Clifford Brownfield of Green Ridge.

Julian Fowler left Sunday morning for a 10 day fishing trip in Minnesota.

Miss Louise Renno of Sedalia is a guest of her aunt Mrs. Roll Beal and Mr. Beal.

Mrs. Richard Wiseman, assisted by Miss Margaret Wiseman, was hostess to the Woman's Missionary Union of the Baptist Church on Thursday, June 12.

The name Gary Allen has been given the infant son of Mr. and Mrs. Leonard Gerken born at the Bothwell Hospital on Saturday. Mr. Gerken is in Japan. Mrs. Gerken, the former Miss Joyce Wheeler, is making her home with her parents Mr. and Mrs. Bill Wheeler.

The Methodist Bethel Church observed Children's Day Sunday with a program at the church, followed by services by the pastor, the Rev. W. Hollingsworth and a basket dinner at the Liberty Park in Sedalia.

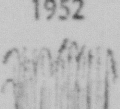

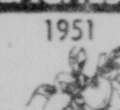

**Red China Suicide**  
HONG KONG — Canton's Communist authorities said Li Jung "committed suicide because he couldn't stand the denunciation of the people," but that isn't the way underground reporters heard it. Underground reports from Canton say the Communists put the squeeze on the non-Communist Li and finally handed him a tax bill that broke him.

Li rushed into the streets shouting denunciations of the Communists. This was so unusual it stunned even the Communist police into inaction. Li kept up his cursing of the Communists all the way to the tax office. He drew crowds curious to hear a man in Red China declaring out loud he thought Communism was the worst curse ever visited on China.

At the tax office, Li slapped the tax bill on the counter, cut loose with a final curse for Red Leader Mao Tze-tung, and plunged a knife into his chest.

## Air Watchers To Begin Sky Views July 14

WASHINGTON (AP)—Starting July 14, thousands of civilian defense workers will help the Air Force scan the skies over America's borders in a round-the-clock watch for possible enemy planes.

This 24-hour vigil is necessary because "the Soviets have had the capability for some time to attack us," Maj. Gen. Frederic H. Smith Jr., deputy director of the Air Defense Command, told a Pentagon news conference.

To which Gen. Nathan F. Twining, acting chief of staff for the Air Force, added:

"We can have no assurance of long-range forecasting of a decision by the Kremlin to attempt an assault on us. The lack of a thorough 24-hour watch is a weakness we can no longer afford."

Twining said intelligence estimates credit Russia with being capable of launching at any time more than 400 four-engine bombers loaded with enough bombs—atomic and otherwise—to blast all U.S. metropolitan industrial target areas.

The start of "Operation Sky-Watch" was announced yesterday by the Defense Department after a conference of civil defense directors from all states and territories.

Smith estimated from 50 to 80 volunteers will be needed to man each of the thousands of posts. Their special job will be to spot planes flying below 5,000 feet—those difficult to pick up on radar.

The network of lookouts will be coordinated with the Canadian air defense program. Smith said sky-watching in Alaska and Hawaii is not linked with this continental organization but operates under local commanders.

Observers will be spotted in 27 states. They are Maine, New Hampshire, Vermont, Massachusetts, New York, New Jersey, Connecticut, Rhode Island, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Ohio, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, North Dakota, South Dakota, Montana, Idaho, Washington, Oregon and California.

## Vowed to Marry 40 Years Ago, Couple Finally Weds Sunday

HAZLETON, Pa. (AP)—The 74-year-old bridegroom and his 68-year-old bride seemed like any other couple celebrating their marriage as they ate spaghetti and meatballs at a wedding party.

But a story lasting over 40 years had unfolded before Antonio Perera and Sophia Tombasco Imbriac said their wedding vows Sunday at the Christian Assembly Church in Wilkes-Barre, Pa.

Their families arranged for them to be married back in their Italian hometown. But Antonio left before the wedding, married and settled here in 1910. Ten years later Sophia and her husband from Italy became Antonio's neighbor in Hazleton.

After Antonio's wife and Sophia's husband died, Antonio asked Sophia to be his wife. She refused seven times before having a change of heart and doing the proposing herself.

## Russians Capture Jap Fishermen, Ask Them About Yanks

## Lads in Cement Box Boat Cause Series Of Unusual Distress

SOUTH SAN FRANCISCO, Calif. (AP)—It was a perfect day for a sail and San Francisco Bay looked mighty inviting.

So Ronnie Arellanes, 8, and Jerry Frayne, 14, set off in an old cement mixing box.

Those kids caused more bloomin' trouble!

The brig sank. Ronnie and Jerry made it safely to an old piling. Then Jerry set out for shore and help. Tired, he barely made it to an old duck blind.

William J. Jensen, an adult, reached Ronnie in a rubber life raft—but couldn't make it back to land against a strong wind.

Tyrone Farley, 13; and Jim Buckley, 13; and Leroy Hooper, 14, tried to swim out to lend a hand—but all ran into trouble.

Then someone thought to notify the Coast Guard.

A helicopter picked up Tyrone.

A crash boat gathered up all of the others.

Ronnie was treated for shock and exposure.

## John Zander Heads Dale Carnegie Club

John F. Zander was elected president of the Dale Carnegie Club International at a meeting held recently at Bothwell Hotel. Other officers elected are Ken Fallis, vice-president, Lee Deason, lieutenant governor, Mrs. Loyd Boots, secretary-treasurer, and Loyd Boots, progress chairman.

The organization, known as the DCCI, is composed of those who have been graduated from the Dale Carnegie course and the group meets every other Tuesday at 7 p.m. at the Bothwell Hotel.

## Roy A. Neil Named Ionia RFD Carrier

By Mrs. Homer Howe

IONIA — Roy Allen Neil has been notified of his appointment as rural carrier of the Ionia mail route, to take over his duties on June 23. Since the death of L. W. Taylor in July, 1951, J. D. Friedly has been serving as carrier.

Mrs. Hazel Von Achken and her daughter Mrs. Robert Yost and son R. C. of Kansas City, are visiting with Mrs. Von Achken's sister Mrs. G. D. Ferguson and Mr. Ferguson.

Mr. and Mrs. J. O. Maxwell have moved from the Albert Howe property into the Harold Brockman apartment.

Mr. and Mrs. Elmer Gardner, Mary Gardner, Mrs. Clarence Friedly, Mrs. T. K. Craig and Mrs. Marshall Stratton went to Wadsworth, Kan. Saturday to visit with an uncle, who is critically ill in the hospital there.

Mrs. Theodora Howe, Misses Alberta and Ruth Pfaff entertained at a family dinner Sunday in the Howe home. Guests were Mr. and Mrs. John Pfaff and daughters Mary Lou and Elizabeth Sue of Warrensburg, Mr. and Mrs. Melvin Ream and sons Freddie and Eddie. Mr. and Mrs. John Proctor and Mrs. Helen Bucher of Green Ridge. Mary Lou and Elizabeth Sue Pfaff who had been visiting with their aunts the past two weeks, returned home with their parents.

Mr. and Mrs. Louis Smart and son William Louis, Mr. and Mrs. Charles Maxwell and Mr. and Mrs. Clayton Smart left Friday morning for Nashville, Tenn., where they will attend the Grand Old Opry on Saturday evening.

The WSCS of the Methodist Church met at the church Wednesday afternoon.

Mrs. Houghman had charge of the devotionals. Mrs. Robert Crenshaw and Mrs. Louis Smart were in charge of the program. They, with the help of Mrs. Charles Maxwell and Mrs. Clarence Friedly, presented an interesting little skit on "How a Woman More Loyal to Her WSCS."

Mr. and Mrs. G. B. Ruckert of Taylor spent Monday and Tuesday with her parents Mr. and Mrs. Elmer Wartzel.

Mr. and Mrs. Junior Mullens and children of Sedalia visited Wednesday with her parents Mr. and Mrs. J. D. Friedly.

# Kiwanis, Jaycees Win In Majors

It's Two Way Tie For Lead Now, And Tie for Last

Majors' Standings		
Kiwanis	3	2
Rotary	3	2
Elks	2	3
Jaycees	2	3

Rotary edged Kiwanis 13-12 to put the two teams in a first place tie while the Jaycees trounced the Elks, 26 to 6, to pull the Elks down into a tie with them for the lower half of the standings in Little League Major team games played Monday night at Housel Park.

Rotary was out in front until the top of the sixth when Kiwanis tied the score and went ahead, 12 to 8. Rotary then rallied in the bottom of the sixth for five runs and a victory.

Miller, Nichols, Herrick and Burford led the Rotary hitting attack, all connecting for two hits. Herrick smashed the big blow, an inside-the-park home run. Newman led the losers with three for three.

The winning pitcher was Herrick and Harbit took the loss.

In the second game, Abney just up from the minors, hurled a fine game to get the credit for the Jaycees victory as Cason was charged with the loss.

With was the leading hitter for the Elks, getting three for three. Bryan, Ditton, Shephard and Hickman were leading hitters for the Jaycees getting two hits each.

Hickman highlighted the game by scoring five runs and connecting for two hits.

## Independence All-Stars Beat SAFB 13 to 10

The Sedalia Air Force baseball team playing their first home game on the base diamond, bowed in defeat to the Independence All-Stars 13-10. The visitors rallied three runs in the top of the eighth to tie up the game, then won it in the ninth.

SAFB quickly jumped into a 6-0 lead by bunting four hits, a hit batsman, a base on balls, and three All-Stars for their big inning in the third. Incidentally these three bobbles were all that came from Independence.

The All-Stars picked up six runs during the 4th, 5th, 6th, and 7th innings to gain a 6-6 tie. But, the air force added three in their half of the 7th to go ahead 9-6. Their opposition bounced back with three in the 8th to again gain a tie. Unable to score in their frame of the 8th the air force team fell apart in the top of the 9th.

Late inning errors, five of the six made by the air force, came during the 8th and 9th frames, cost the SAFB a victory. Again it proved that often repeated old saying, "The game's not over 'till the last man is out." Major Bobbit has promised longer and tougher practice sessions beginning immediately, as many of the base team's misplays were of the skill-error variety.

## Bobby Thomson's Grand Slam Homer Beats Winning Cards

St. Louis Leading 7 to 4 Until Bob's Bases-Loaded 4-Bagger In Last of 9th Spells Loss for Them, Win for Giants

By JOE REICHLER  
Who said everything happens in Brooklyn?

How about the Polo Grounds? Ever since Bobby Thomson cracked that pennant-winning home run in the final 1951 playoff game, the weirdest things have been occurring in the home of the New York Giants.

Look at what happened in the Polo Grounds last Sunday, for instance. The Giants were rolling along enjoying an 11-0 lead over the St. Louis Cardinals when suddenly the roof caved in on them. Before they realized what had happened the Cards had won 14-12. Yesterday, just 24 hours later, the Giants came to bat. Two walks, a single, an out and boom. Thomson practically duplicated his '51 feat, hitting a grand slam

homer to beat the Redbirds, 8-7.

That's not all. Look at this believe it or not situation. Willard Schmidt, who tossed up that gopher ball to Bobby, made only one pitch—and he was charged with the defeat. The rookie righthander had been summoned to relieve Will Werle.

In contrast, the victory went to George Spencer, fourth Giant pitcher. He, too, made only one pitch. That was a double-play delivery to Del Rice to end the top of the ninth. So we have the unprecedented situation in which two hurlers make one pitch each, one of which is credited with the victory while the other is charged with the defeat.

Ironically, Thomson's game-winning homer came after the Giant third baseman had gone to bat 17 straight times without a hit. Eddie Yuhas, second St. Louis pitcher, set the stage when he walked Hank Thompson to start the last half of the ninth. Pinch hitter George Wilson lined to Red Schoendienst and Thompson moved to second when Schoendienst threw wild to first in a double-play attempt.

Davey Williams singled to send Thompson to third. Lefty Werle relieved Yuhas and walked Whitey Lockman to load the bases. Schmidt, a fast-balling righthander, took over. Thomson's belt went clear over the left field roof just inside the foul line. The homer cut the Dodgers' first-place lead to three games, erased what looked like certain defeat for Sal Maglie and overshadowed homers by Westrum, Al Dark and Williams for the Giants.

In the only other game scheduled in the majors, the Phillies edged out the last-place Pittsburgh Pirates, 5-4, to move into sixth place past the Boston Braves. A long fly by Granny Hamner broke a 4-4 tie in the seventh.

## Junior Legion Meets Marshall Here Tonight

The Post 16 Junior Legion team will play host to the Marshall Junior Legion team tonight at Liberty Park at 8 p.m. Donnie Delph is scheduled to be the starting hurler with Larry Mines as receiver.

Post 16 will be shooting for their fifth straight win against no defeats. The Sedalia boys have not scored less than 15 runs but one and that was against the Town and Country club when they won 9 to 8 in a thriller. At the game tonight at the park there will be no admission charge.

## Cancel Little League Thursday Night Games

All Minor League games scheduled for Thursday night have been cancelled so the boys can attend the Rodeo to be held at the Missouri State Fair Grounds.

All boys in the Little League who plan on attending the rodeo are requested to do so that night so as not to interfere with the other games scheduled for the rest of the week.

## Mo. Tigers, Holy Cross Go for Title

OMAHA, Mo.—Missouri and Holy Cross clash on even terms tonight for the National Collegiate Baseball Championship.

Holy Cross, on the strength of five runs in the sixth inning, defeated the Big Seven champions 7-3 last night. If Missouri had won, it would have ended the tournament.

The Tigers had been undefeated in the double elimination play up to that time. But Holy Cross, which gained the finals by way of the loser's bracket, had already been beaten by Missouri, 1-0.

With both teams now down one, the winner of tonight's game, starting at 8:30 p. m. (CST) will take home the title.

Holy Cross will start Dick Bogdan, left hander who hasn't yet appeared in the tournament and who won two and lost none during the regular season.

Missouri will try righthander Dick A'inson again. He pitched the seven-hit winner against Holy Cross on Friday.

The score was tied 1-1 when Holy Cross came to bat in the top of the sixth last night. Missouri starter Don Boenker had given up only two hits. But the leadoff man John Turco singled at the outset of the sixth and Paul Brissette got to first when Boenker, apparently rattled, held onto the ball instead of trying for an out against Turco at second or Brissette at first.

The Crusaders got two more hits after that and made use of three walks by Boenker and a Missouri error to score the five crucial runs. Eleven men batted during the inning. Boenker was replaced by Johnny Jenkins in the seventh.

## Burtens Win Monday, Play Levis Tonight

The Burton Blues girls' softball team won over Marshall's girls team Monday evening at Marshall by a score of 7-4. The winning pitcher was Earlene Walz of Sedalia with Laverne Schlesselman sounding out the local battery.

The Blues will play the Lady Levis of Sedalia at the 16th and Center diamond tonight at 8 o'clock. Hughes will be on the mound for the Blues.

Wednesday the Blues will play against Fulton at the 16th and Center diamond at 8 p.m.

## Three Wins Can Clinch Pennant--

## League Leading Chiefs Going To Moberly for Game Tonight

The Sedalia Ban Johnson Chiefs will journey tonight to Moberly where they will clash with the Miners for the second time in the last five days. In the

first of the two games the Chiefs turned back the Miners by a score of 11 to 3 as Bob Brown won his second game in league play. Jack Barnes, who has won one game against no defeats this year, will be on the mound for the Sedaliaians.

## The Little League

The Elks team of the Little League Major League will have a practice session at the high school diamond Wednesday evening at 5:30 p.m. All players must be present.

The Elks team of the Little League Majors have released Cason, Land and Reburn and have called Dick up from Dillon's minor league club, the Red Birds.

The Jaycees have called up Cason to replace Sklar, who is away on vacation.

Barnes won his game 9 to 1, holding a strong Brookfield club to four hits. He also pitched six innings in the Columbia game which the Chiefs lost and allowed but three hits and no runs.

The probable pitcher for Moberly is Jim Iverson, a curve ball artist who had lots of success in the CEMO league last year.

The Chiefs' line-up is as follows: Thomas 2b, Higgins, 1b, Dey rf, Holst lf, Weist 3b, Lane ss, Cochran c, Broadus cf and Barnes p.

Sedalia's Chiefs, back on top of the Central Ban Johnson League after a brief stay in second place, will be well on their way to a first place pennant if they can sweep their next three games.

The Chiefs, with five wins in six starts, after tonight's game will come home to meet the Brookfield Bombers Friday night and the Columbia Chevroleets Sunday night.

Manager Bob Brown's Sedaliaians regained the lead from the second-place Mexico Ramblers with victories over Moberly, 15-5, and Mexico, 12-0.

Four other games are scheduled through Sunday: Boonville at Columbia and Mexico at Moberly, Thursday night; and Boonville at Moberly and Brookfield at Mexico, Sunday night.

The standings:	W	L	Pct.
Sedalia	5	1	.833
Mexico	5	2	.714
Moberly	3	3	.500
Brookfield	3	3	.500
Boonville	2	5	.286
Columbia	1	5	.167

## Jewel Thieves In 2 Robberies At St. Louis

ST. LOUIS (P)—Jewel thieves made off with several thousand dollars worth of rings and watches in two daring daylight robberies within two blocks of each other in downtown St. Louis today.

Police think the same two men committed both thefts.

The looted firms were the Selle Jewelry Co. on the ground floor of the Arcade building and the Drosen Jewelry Co., two blocks away at 901 Locust street.

As three building watchmen chatted in the Arcade building, a man entered from the rear and, with a handkerchief over his face and a pistol in his hand, ordered them to lie on the floor.

Still under guard, the watchmen heard the crash of glass and then the sound of a departing automobile. A big display window of the Selle Company was broken and 18 ring sets were taken.

While police were getting a report from the watchmen, the police radio announced that the alarm was sounding at the Drosen Co. On arrival there, officers found that an outside display window had been broken and that five wrist watches were missing.

## Testifies Ingrid's Husband Planned To Blacken Her Name

LOS ANGELES (P)—The woman Ingrid Bergman sent to ask Dr. Peter Lindstrom for a divorce testified he told her:

"By the time I get through with Ingrid, she will never be able to see Pia. I will blacken her name and Rosellini's in such a way that no court will ever allow her to see Pia."

The witness, Mrs. Marta Cohn, testified yesterday at the trial of Miss Bergman's suit for summer custody of Pia, her 13-year-old daughter by Lindstrom. The father opposes the suit on the ground that Italian movie director Roberto Rosellini, who married the actress after she bore him a child out of wedlock, would be a bad influence.

Mrs. Cohn, wife of screen writer Art Cohn, was on the Mediterranean island of Stromboli when Miss Bergman fell in love with Rosellini while he was directing her in a picture.

She testified she contacted Lindstrom in Paris in 1945 and told him Miss Bergman loved him and their daughter, but wanted to marry Rosellini. She quoted Lindstrom as saying he would not consider a divorce. Lindstrom, however, later won a divorce and custody of Pia.

## 32 Injured In Riot In South Africa

JOHANNESBURG, South Africa, (P)—Supporters of Prime Minister Daniel F. Malan's Nationalist government, battling with stones, iron bars, pickheads and nail-studded clubs, broke up a rally of the opposition United Democratic Front last night.

Thirty-two persons were injured. Two others were arrested after the angry mob stormed the meeting, attended by about 3,000, in one of Johannesburg's public squares.

Torch Commandos—ex-servicemen pledged to oust the Malan regime—drove the Nationalists up a side street as 80 police arrived. The torchmen with police formed a human barricade across the street but the Nationalists maintained their barrage of stones from a distance.

Brig. J. C. Kriek, deputy police commissioner, finally ordered the meeting abandoned after his men failed to halt the stoning.

The United Democratic Front—a union of the opposition Labor and United parties with the Torch Commandos—called the meeting to protest the government's new law setting up Parliament as a high court with power to override the nation's judiciary on constitutional questions.

LOS ANGELES (P)—Atomic waste products dropped from gliders would be more dangerous to more inhabitants of a city than the actual explosion of an atom bomb, says a man who has been associated with A-bomb tests since Bikini.

R. D. Zentner, Berkeley, Calif., told an American Chemical Society symposium yesterday that physicists have devised two new methods of atomic attack—a contamination bomb and the sowing of radioactive particles in the air. Both methods could force the evacuation of a city, he said, and could make an area uninhabitable for years.

The Dead Sea is nearly a quarter of a mile below the level of the Mediterranean.

It was sold along with nine other buildings on the property which had been acquired by the University of Nebraska by act of Congress and the State Legislature. The university is now operating a seed farm on the property.

## Consumer Buying In Upturn Much to Joy of Businessmen

By SAM DAWSON

NEW YORK (P)—An upturn in consumer buying is bringing joy to a number of businessmen and manufacturers. Many temper their optimism with "let's wait and see if it holds." But many others, depressed for months, think the turn has come for them.

Furniture stores report that in the last few weeks business has picked up.

Apparel sales are higher. Father's Day promotions gave men's wear shops much better business than a year ago in most sections of the country.

Textile merchants here are selling more yardage now than at any time in the last 15 months.

The larger food stores report June sales running about nine per cent higher than a year ago, indicating greater unit volume since prices on most items are lower than a year ago.

The Radio-Television Manufacturers Association reports that shipments of TV sets picked up in April and topped the year ago figure.

More new homes were started this May than in the similar month in 1951, the Bureau of Labor Statistics reports. And American business continues to expand plant and equipment at a record rate.

New homes means business for a number of industries. A survey by the Upholstery and Drapery Fabric Manufacturers Association

shows most of its members expect increased sale volume in the next few weeks. They expect sales in the next six months to top the first half of the year by a wide margin.

At the summer furnishings market in Chicago, officials of the American Furniture Mart and the Merchandise Mart predict sales this year may match last. Inventory positions are much healthier in most stores, they say. Consumer buying started to pick up about a month ago.

Retail sales in May rose by 10 to 15 per cent, according to the International Home Furnishings Market.

After a 14-month recession, furniture bookings have risen 25 per cent above a year ago in many Southern plants.

The textile boomlet which is moving millions of yards of print cloth, broadcloth and filament yarn is also tracing back to better consumer buying.

Some stores that report improved sales of apparel and other textiles think part of the credit should go to the recent relaxation of curbs on installment buying. The easier terms have taken some of the pressure off consumer budgets, the stores say, and make it possible for customers to buy clothing.

The New York Cotton Exchange says the consumption of cotton rose in May, averaging 37,400 bales a day, compared with 33,900 daily consumption in April. Demand for cotton sale yarn started to pick up in the last half of May. The Textile Information Service says unfilled orders at the mills now amount to almost nine weeks' output, following a gain since the first of May.

A number of large rayon and acetate weaving mills report their output is sold through July, and in some cases, through August.

None of this is sensational—and is offset by declines in other industries and the slowdown which the steel strike is bringing on. But the consumer industries affected by the pickup are taking what joy they can from it.

## New Mexico Prison Warden Resigns

SANTA FE, N. M. (P)—Warden Joseph Tondre of the New Mexico Penitentiary resigned yesterday after convicts staged a 6-hour sit-down strike and belabored his administration in a unique news conference.

He said he saw resentment growing among the prisoners and "I fully felt there would be trouble in there if I stayed on—that somebody might be hurt or killed or damage done to property."

"I resigned to prevent a possible tragedy."

The announcement was made to the convicts in the prison yard by L. C. White, chairman of the prison board. The convicts then ended their strike.

## Three Boonville Escapees Caught In California Car

BOONVILLE, (P)—Six inmates of the Boonville Training School for boys, with a yen to graduate to a tougher institution, escaped early today by overpowering their guard.

The State Highway Patrol reported the six took a training school truck and told the guard they had tied up they were on their way to Alcoa Intermediate Reformatory at Jefferson City. They said they would leave the truck there.

Three of the six were captured by Jefferson City police a few hours later in a car reported stolen in California, Mo.

The youngsters caught in Jefferson City were Charles Klein, 12, of St. Louis, James Melugen, 15, of Valley Park and Donald Declue, 13, of St. Louis.

The other three—Robert Grant, 15, of Kansas City; Max Schuman Coole, 16, of Springfield and Marvin Gene Johns, 15, of Springfield—were still at large.

Tadpoles — One Penny Apiece

MONTGOMERY, Ala. (P)—The children in the elementary section of Montgomery Bible College got so interested in their science studies about frogs that they all wanted one.

One enterprising pupil began catching tadpoles in a nearby lake and selling them to his classmates for one penny each.

# PATENTED ANTI-RUST GASOLINE

## U.S. PATENT OFFICE RECOGNIZES EXCLUSIVE FORMULA with RD-119

SINCLAIR has produced a gasoline so different that it has been granted a U. S. Government patent! Patented Sinclair Anti-Rust Gasoline contains RD-119, the amazing ingredient that saves you money by preventing rust and corrosion in your car's fuel system.

Here's how it works—Moisture condensation forms water in every car's gas tank. Water makes rust, which can damage or clog fuel line, fuel pump and carburetor when you use ordinary gasoline. But patented Sinclair

Anti-Rust Gasoline, with ingredient RD-119®, forms a protective coating inside your car's entire fuel system—prevents this damage that will hit 1 car in 4 this year—cost each unlucky owner up to \$18 in repairs.

Protect your car by using Sinclair Anti-Rust Gasoline regularly. Get full Power—Long Mileage PLUS Anti-Rust protection...an Exclusive Sinclair extra—at no extra cost. For top performance, ask your Sinclair Dealer for Sinclair Ethyl—the premium anti-rust gasoline.

**Military Experts Instruct Indonesians**

BANDUNG, West Java (AP) — Americans and Hollanders are teaching young Indonesians the tricks of modern warfare.

Officers and men of the Netherlands Military Mission in Indonesia work on the Indonesian army while a group of 14 American civilian flight instructors train the fledgling Indonesian air force.

About 100 cadets have become qualified military pilots since the American instructors started their work in February 1951.

The Americans teach the men how to handle such U.S.-made products as the Piper Cub, the Harvard trainer and finally the B-25 bomber and Mustang fighter.

The redwoods of the U.S. West Coast have been native only to California and Southern Oregon since the Glacial Age.

## Prof. Standley Speaks at Rotary--

### Finds America's Future Lies In Attitude to Rest of World

"America's Responsibility in World Affairs" was the subject of an informative talk given Monday noon by Prof. William Oliver Stanley, son of Mr. and Mrs. W. O. Stanley, 820 West Broadway, at Rotary Club meeting at Bothwell Hotel.

Prof. Stanley, of the University of Illinois, Urbana, Ill., stated it is perhaps trite to say that we are living in a period of crisis fraught with great peril for our people. It may not be so trite, however, to observe that in one major respect we are very ill prepared to cope with the danger. For generations, said the speaker, we have been primarily concerned with domestic affairs, consequently we have developed neither the knowledge nor the disposition required to carry the burden of world leadership.

Fitchforked by circumstances into world affairs at the turn of the century, Americans have regarded their participation in world politics as temporary calls for emergency service, following which we could return to our preoccupation with our own domestic development, Prof. Stanley said. But, he continued, fundamental changes in world conditions mean that, whether we like it or not, the United States can avoid the responsibility of permanent world leadership only at the price of national destruction.

It is literally true that, to no small extent, our future depends upon our understanding of world conditions and of the attitudes, beliefs, problems and needs of the rest of the world, Prof. Stanley said, and there are some things that we need to understand if we are to survive the crisis.

First, at the bottom, Mr. Stanley said, Communism and Fascism are not the cause of the troubles that have plagued the world in this century. These evil philosophies

have, of course, greatly aggravated our problem but, in the last analysis, such philosophies are the product rather than the cause of the malady. The fundamental causes are the grave social problems created by the rise of modern technology and industry and the increasing demand on the part of the common man everywhere for a greater share in the goods of life.

Second, Prof. Stanley said, we cannot win in the present struggle through military strength alone. We must be prepared to meet force with force. Undoubtedly, if we are ready to pay the price, the United States can defeat the Communist block in an all-out war, but following the war the fundamental problems would remain. Ultimately the struggle is for the hearts and souls of men. Democracy can win only as it secures the devotion of the people of the world and proves its capacity to fulfill basic aspirations.

Third, the crisis is not a temporary one, Mr. Stanley said. Even in case of the threat of Soviet Russia, there will be no quick victory except at the price of a third world war.

Fourth, the United States needs the rest of the free world as badly as they need us, said Prof. Stanley. If Russia gains control on the resources of Europe and Asia our future is indeed desperate.

Fifth, the American people must distinguish between world leadership and world dictation, it is essential to understand and respect the attitude of other parts of the free world.

Sixth, he said foreign policy must not become a football of partisan politics.

Seventh, said Mr. Stanley, said Mr. Stanley, the present period is an age of opportunity as well as of crisis, man is on verge of almost complete mastery of the

**NATION'S FIRST ATOMIC SUBMARINE**—President Harry S. Truman, above, initials the keel of the nation's first atomic submarine, now building at Croton, Conn. Mr. Truman revealed that an atomic engine for the \$40,000,000 submarine is "almost complete" and declared that the engine for the U.S.S. Nautilus "will have as revolutionary effect on the navies of the world as did the first ocean steamship." At the President's left is John Jay Hopkins, president of General Dynamics Corporation, builders of the sub, and at his right is Navy Secretary Dan A. Kimball.

physical world—if we can learn to get along with one another there is no fixed limit to what we can do.

Eighth, unfortunately at the present time, said Mr. Stanley, the most pressing problem is the containment of Soviet Communism. There goodwill will not avail—they will make and keep agreements only so long as they do not believe they can win by force or fraud.

Prof. Stanley was introduced by his father, Program chairman for the day was Ray Lippard.

The meeting was presided over by F. Emory Bowman, president, and invocation was by the Rev. T. W. Croxton.

Guests introduced by Charles J. Hofheins were C. O. Fisher, Cleveland, O., guest of Dr. Roy Keller, and Rotarian Larry Griffith Port Allegany, Pa.

Last week's travelers were Dick Snow, Warrensburg, and J. O. Latimer, Glasgow.

Guy Peabody, parade marshal for the State Fair Rodeo, announced there were 350 horses signed for the parade and before he left he had a call registering 75 more.

W. E. Hurlbut Jr., introduced Ernest Freyman, the Baby Rotarian whose classification is "hotels." He is the owner of the El Rancho Motel.

## Pvt. Floyd Dickson Back to California

Pvt. Floyd Dickson, son of Dwight William Dickson, route 1, Smithton, is home on a 10-day furlough. Pvt. Dickson is stationed at Camp Pendleton, Oceanside, Calif., where he recently received an expert sharpshooter's medal for firing second highest in his platoon.

He will return Wednesday to Camp Pendleton where he is with the Marine infantry.

#### Emotions Need Education

WINNIPEG, Canada (AP)—Importance of art and music in school and university classes to "educate the emotions" was stressed by Dr. A. H. S. Gillson, president of the University of Manitoba. He said the aim of education is not only to show people how to make a living, but also how to live.

#### Japanese Rightists Return

TOKYO, (AP)—Rightist organizations outlawed during the occupation of Japan are making a timid attempt at a comeback. Kyodo News service says. Police estimate there are now 800 of such organizations with a membership of 300,000. Their activities so far

have been confined to distributing leaflets and speech-making.

All have the same program. They oppose Communism, want the emperor restored to all his prewar powers, and oppose foreign influence on Japanese life.
